

# LINDA LIEFFERS

“Having a background in Interior Design and art, I began painting to fulfill my desire to be constantly creative and challenged. I am a mother of two incredible daughters, a wife and have been most fortunate to reside in Mexico for the last 18 years, leaving the cold prairie winters of Canada behind. At a young age, I always knew I had the creative bug. Whether I was experimenting with crayons or pastels, practicing painting with oils or acrylics, sketching designs, or sculpting with clay, I always knew that my calling was to create. Exploring my creativity through art allows for self-expression, a channel to express feelings and convey visions. But most importantly, being creative allows me to do what I am most passionate about. Natural elements, such as the vast ocean, endless skies, and incoming hurricanes, all feed my imagination and work into all my art.”
